

Sugarloaf Studio Notes

Spring 2010

A much needed spring has arrived! Come join me in celebrating all the good things that happen in this beautiful season. Hopefully the lilac and redbud will be in full bloom. I'll have displayed newly framed watercolors and colorful prints and oil paintings that reflect my love of life and living and working in the country.

Sugarloaf Studio will be brimming with new creations. There will be reproductions of the art in my card line - something for everyone. Check countrysideartisans.com for more information and images.
